Dr Irene Stein is an incredibly capable individual. Working in the age care sector for over 20 years, her work has helped shape Australian care for the better. Irene has been employed across crucial senior positions (both at organisational and research level) including; Director of Care, Business Development Manager, Manager of Policy and Research, and Hon. Visiting Professor at the University of Wollongong.

She has written several key publications, including the QPS and Anchor Excellence joint report into the state of Residential Aged Care 2017-19.

Her unique capacity to critically research, evaluate and develop transformative recommendations is vital to our sector.
